Imaging Solutions Software Release

Beta	Online	In-House
4/16/2025	5/19/2025	5/19/2025

What is this release?

The Imaging Solutions release is for online, enhanced online, and in-house release managed clients. Some features do not apply to all three types of clients. Refer to the symbols within the document for details.

How do I get this release?

In-House Managed Clients: Imaging Solutions will be contacting you to schedule the update for your system starting May 19th, 2025.

Have an in-house imaging server, but are not a Release Managed client? Sign up for Release Management today and we will waive the fee for the first year! Other options are also available. Contact Imaging Solutions for details at imaging@cuanswers.com.

Enhanced Online/Online Clients: Imaging Solutions will deploy your release on May 19th, 2025. Any added features can be purchased in the store at store.cuanswers.com.

FormFLOW Management Enhancements

For your convenience, we have added new buttons to the “Manage FormFLOW” screen. You can now use the dropdown to select what FormFLOW configuration you’re searching for. We have also added the ability to assign FormFLOWS to different users. That way, if staff are out of the office, someone can take over responsibility of their tasks.

Support for Closed Accounts

CU*Forms can now be used with closed accounts. If you’re looking to print forms for a closed account, simply follow the same process as you would for an open account. If the account is not open, it will warn the user that they are using a closed account but let them proceed and fill out the form.
